7. **Extra Credit Award / NOT MANDATORY- Expense reduction lane, Water, Gas, Electric, Food couponing –(PRIOR MONTH SAVINGS) SAVINGS MUST BE AT LEAST 2X THE AWARD \$ FOR THE LANE SELECTED PER GRADE CATEGORY. 1 PAGE SUBMITTED WITH STUDENT’S NAME @ TOP & GRADE**

AWARDS EARNINGS OPPORTUNITY			
PERFORMANCE MEASURES	1st - 4th	5th - 8th	9th - 12th
EXTRA CREDIT (household expense mgmt.)	\$ 5.0	\$ 10.0	\$ 15.0

1. **Student/parents determine and expense lane they plan to reduce in the household. It can be the same expense lane each month or alternate and improve money management for expenses the student(s) consume.**
  - a) **Stapled to 1 sheet: 1<sup>st</sup> column Prior Bill circle the usage cost for the prior month, next column the bill for the current month to improve efficiencies (current and prior months bill/invoice required).** Engaging Students early. Teach them the unit of measure and the rate. For example, the unit of measure on most electric bill is kilowatt (KW) or Watts for KW and billed based upon price per KW / Watt. This is NOT a requirement exercise, just an early best practice for the household electing to engage. For food each receipt must reflect
  - b) **On the bottom of the page subtract the current usage cost from the previous months’ cost, the difference has to be a negative# and 2x the Dollar amount being awarded for accomplishing a reduction for that expense lane.**
    - i. Example Elementary student would need to reflect at least a \$10 reduction in the expense lane they chose to earn \$5; a middle school student at least \$20; high school at least student \$30
    - ii. Parents required to review prior month vs. current month bill with their student compare prior bill to current bill, circle the prior month cost vs. the current month and the unit of measure
    - iii. circle the unit of measure and calculated negative value, and do not turn it in unless the above defined rule is met for this extra credit lane
      - i. Circle the date, unit of measure for the lane elected and reflect on each receipt.
      - ii. Turned in to their TA, at the beginning of the workshop breakout or no credit and only if minimum required savings met (2x/trice the FDA award for each lane)

**8. Everfi and Stock Market Game Progress check with students regularly!**
